

Sean—Warsaw 2009

Sean's manners are slipping— sitting on the breakfast table at the Marriott with no underwear!

After a gentle word from the waiter, Sean ventures into M&S, but is in the wrong department—"UNDIES Sean"

Warsaw in Poland is the 9th largest city in the European Union by population. During World War II 85% of Warsaw was destroyed. 30% of the population were Jewish and were herded into the Warsaw Ghetto. As part of Hitler's "Final Solution" on April 19, 1943, orders were given to destroy the ghetto—only a few managed to escape or hide.

With no luck at M&S Sean returns to the airport
